

Do you have a Family Care Plan or Plan of Safe Care?

Volunteers Wanted for a Research Study

Study for mothers with a Family Care Plan

We are looking for mothers who received a Family Care Plan (previously referred to as a Plan of Safe Care) during pregnancy or at the time of their baby's delivery. This research study seeks to understand the effect of having a Family Care Plan on mothers' use of treatment and other services.

Participants will be asked to:

- Provide contact information for yourself and 1 backup (e.g., a family member or friend)
- Complete a series of four 30- to 45-minute interviews (over phone or video conference) every three months until your baby's first birthday
- Share a photo of your Family Care Plan

Eligible participants who complete the interviews will receive up to \$250 in gift cards.

Are you eligible?

- You received a Family Care Plan
- You are 18 years or older
- You have a working email address

If you are unsure if you meet the requirements or have any questions, please contact the Principal Investigator, Margaret Lloyd Sieger, Ph.D., of the study at:

Margaret.LloydSieger@uconn.edu (email) or (860) 840-2544 (call/text)

Scan Code:

STEP 1: Open the Camera App from your device's Home Screen, Control Center, or Lock Screen

STEP 2: Hold your device so that QR code appears in the viewfinder and you see a notification with a link.

STEP 3: Click on the notification to open the link associated with the QR code

Give your permission to be contacted by the research team here:
